received assistance in 2010

Helping Hands Fund

The Helping Hands Fund was created to help the neediest patients—those at the lowest pay scale and without insurance to gain the support they need. Through application or urgent need request, Helping Hands assists these patients by paying a portion or all of their health-related bills depending on the situation.

2010 Helping Hands Committee Members

(FROM LEFT TO RIGHT)

- Linda Arreguin, Patient Services
- Carmen Garcia, Billing
- Shannon Clesceri, Human Resources
- Kim Rains, Accounting
- Marshall Snoddy, Medical
- Robin Vessov, Dental
- Pam Taylor, Management Team
- Cristal Vargas, Behavioral Health
- Kellie Dillin, Pharmacy

Your support helped...

...a woman become eligible for a liver transplant by achieving the requirements for a healthy dental diagnosis. Prior to becoming eligible for the waiting list, the 61-year old needed 10 fillings for her teeth. She paid for a few, one at a time, and your support helped expedite her care.

...relieve the severe pain being experienced by a 59-year old man who needed, and received, a root canal thanks to your donation. The man is unable to speak due to a severe stroke and is currently living in an assisted living facility on a social security income of less than \$10,000 per year.

...provide counseling and behavioral health support for a 59-year old woman who had suffered enormous losses, including the death of her twin boys, husband and father. With your support, she was able to receive care when she needed it most.

...purchase medication for an 84-year old man who lost his Basic Health insurance. The medication helps treat his dementia, and your support enables him to remain a part of his young grandson's life.
