Patrick,

Thank you so much for the tour that you gave me of Columbia Valley Community Health. After taking the tour and reviewing the handouts you gave me, I feel much more comfortable discussing health care legislation. Ultimately, I am incredibly impressed with what Columbia Valley Community Health is achieving.

Columbia Valley Community Health has fostered an attitude of being state-of-the-art. I was immediately impressed by the beautiful, modern facilities. But, it quickly became apparent that being state-of-the-art goes much further than the facilities, and that it is a part of the mentality of CVCH.

Most of all, I am incredibly impressed by the responsible management of CVCH. There is no doubt in my mind that CVCH is a good steward of the tax dollars it receives. The service that CVCH provides is essential to our area, and its effectiveness is directly impacted by how the funding is used. Thank you for being honest overseers of those funds!

Thank you again for the tour! Once again, I am very impressed with Columbia Valley Community Health.

Sincerely,

Taylor Kenck
